The fraudulent, non-existent “Eryn Robinson” at nwbcomms.digital never responded to my fresh email in reply to her link sharing request email to me. Mrs. Robinson only wanted me to reply to her email [bomb](#) so that she could sink her fish hooks into me. Since I foiled her malicious plans she has ramped up her attack. Eryn Robinson either does not read these posts or she is ignoring them. She continues to try and get me to respond to her bait email. My only friends are fake like Mrs. Robinson and Isla Gage.

Hello Eryn:

Thank you for initiating contact. I am a blogger interested in partnerships. Nothing supercharges SEO like link building
UCLA Extension paralegal certificate. I can create well informed persuasive content in many different subject areas.

I linked your website to the last paragraph right before the most recent posts on LegalNoodle.com at: <https://legalnoodle.com/summer-camp-massacre-1/>

**"Are you interested in content creation and link building? Here is [nwbc](#), one of my prospects for another SEO
how I stay at the top of the organic search results."**

I look forward to hearing from you.

Thanks again Eryn and have a beautiful evening,

This morning I received yet another fake link [collaboration](#) request. The fraud just rolls in like waves off the ocean. This mornings malfeasance is from "Isla Gage" at "Giejo" Magazine. There in fact exists a ShopGiejo.com but no Giejo Magazine per se. This is all very fraudulent.

If you are a detective, you will be able to connect the dots and come up with the culprit. Fraud is easy for the experienced investigator to detect in just a few moments. Many people are fooled by tactics such as these. The Zen Grifter didn't even get this one. Griff doesn't spot the deception because he has not been the recipient of this type of malevolence for the past fourteen years like I have.

Hi

My name is Isla and I am head of business development at Giejo magazine.

I have found [legalnoodle.com](https://www.legalnoodle.com) on Twitter

I would like to propose the following collaboration which is free, effective and quick:

We can add a link to your website [legalnoodle.com](https://www.legalnoodle.com) inside one of our existing articles inside the credits section. In return, we will need you to link to [dimepiecela.com](https://www.dimepiecela.com) (our partner site) using anchor text Dimepiece LA inside an existing blog post on your site.

If interested, simply send me a link to a blog post where we can find a link to Dimepiece LA and we will add a link to your website and send it back to you. Please make sure to copy in Leila at info@shopgiejo.com in your reply.

Best wishes

Isla

My only friends are fake like Isla Gage of “DIMEPIECE LOS ANGELES”

Yesterday I updated the LegalNoodle home page on the proper procedure to propose link sharing. **In what seems like an immediate response to my request for a page to link to, this morning the fraudsters sent me another fake link sharing proposal using my parameters.** This time they have added a hilarious fake pornographic website for adult sex toys.

My only friends are fake content creators and fraudulent Facebook [friends](#). I am really impressed by the quality of their new attempts to infect my computer and destroy my blog and my life. Dimepiece. Piece of ten dollar product.

Dear Isla: I accept your offer. Here are the links that you requested in your email this morning. Now please link this blog back to [DIMEPIECE L.A.](#) to consummate our collaboration. Thank you for your partnership!

Is it [CMEN](#) in my mailbox or Chief David Doan?

If it wasn't for fake friends like CMEN founder John Herriot, I would have no friends. Ten years ago if it was the holiday season I would be with the Community of Men Enjoying Naturism running around naked in Palm Springs. Or maybe I would have been fraternizing with the Fraternity in Santa Monica. I spent huge chunks of my time and money in these and other organizations, only to discover that they were conducting undercover investigations of my life. Now the tables have turned and I am investigating the investigators. People who live in glass houses shouldn't throw stones.

This is the best fake undercover website that I have ever seen

In my crime fighting career I have seen lots of fake websites. Whoever "Isla Gage" is, her undercover operation is one of your best yet. I am impressed that you have taken the time to finally become a worthy opponent by creating a real website. Prior to this morning, you were really lame with your amateur operations. Next time put a little more work into it.

Constructive Criticism

Hopefully you will be able to use this critique of your operation in improving your undercover props. If your fake business is called DIMEPIECE LOS ANGELES then the prices should be in U.S. dollars and not pounds. Your site has a few glaring problems that give you away.
